Dear Mr. Rowell,

At the moment I'm preoccupied with preparing for some filings in court on whcih there is a close deadline and I can't make any searches.

But I will as soon as I can, possibly next week, depending on how I feel then.

I'm not very able ~~what~~ and what I've been doing has tired me.

The record you want is probably in a very thick file in the basement and I'm not able to stand for more than a moment at a time so I don't know how the search will go.

Thanks for the thoughtfulness of the stamp.

Best wishes,

Harold Weisberg

If nothing is enclosed with this it means I did not locate the copy I made and filed separately. There are a number of my files that would have been a suitable location, alas.
